Exempt Water Well Registration Form

GCGCD Rule 6.2 requires all water wells drilled within the District be registered. Use this form to register a newly completed exempt use well or if you are the new owner of an existing exempt well. This form is NOT a permit application form, exempt-use wells do not require a permit under Chapter 36 of the Texas Water Code. If you have more than one well, each well must be registered separately. For assistance, please contact the GCGCD at 830-379-5969.

To determine if a well is exempt, visit the [Well Registration](#) page on our website, or view [Chapter 36 Texas Water Code](#).
